ANSMANN AES 1.4

Intelligent time-controlled countdown socket with ZeroWatt technology that automatically and safely disconnects connected appliances (e.g. heaters, irons, pumps, printers, copiers, coffee machines) from the mains after the operating time set by the user

Features

- Intelligent time-controlled socket with Zero Watt technology, which automatically and safely disconnects connected loads (e.g. fan heaters, irons, pumps, printers, copiers, coffee machines and many other energy consumers) from the mains after a preset operating time (15 min. - 10 hrs.)
- No power consumption (0W) in standby mode
- Saves energy, money and protects the environment
- Simplest operation with just one button
- Visual LED display of the remaining operating time
- Operating time of 15 min. / 30 min. / 1 hr. / 2 hrs. / 4 hrs. / 10 hrs. can be selected
- Connection: 230V AC / 50Hz; load: max. 3680 W / 16 A
- 3 years guarantee

Maximum operating current 3680W/16A

Easy operation with just one button

Adjustable operating time settings

No power consumption in standby mode

Article number: 1260-0015

Product content: AES 1.4, manual

Specifications

Max. output current	16 A
Maximum power	3680 W
Color	black
Dimensions	71 × 74 × 71 mm
